Size	According to The Client' S Requirement
Technique	Laminated
Payment	T/T
Certificate	CE,ISO, SGS
Transport Package	Wooden Case
Specification	1702 mm-2800 mm
Trademark	Rise
Origin	China
HS Code	7007290000
Production Capacity	20000 Square Meter/Day

Laminated glass is a durable and secure product that consists of multiple layers of glass bonded together with a resilient interlayer. It provides enhanced safety by holding the glass fragments together when shattered. Laminated glass also offers sound insulation, UV protection, and increased resistance to break-ins. It is widely used in automotive, architectural, and safety applications for its superior strength and protective properties.
