size	upon to request	
HS Code	7003200000	
Brand	Rise	

Wired glass: a laminated glass product featuring a layer of wire mesh embedded between glass panels. It provides enhanced safety and security by preventing the glass from breaking into sharp shards upon impact. Widely used in fire-resistant applications, such as doors, windows, and partitions, wired glass offers protection, sound insulation, and a distinctive visual appeal, making it an excellent choice for both residential and commercial projects.
