

12/16/20mm Clear Tempered Laminated Glass For High Heat Resistance Environments

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: RISE
- Certification: CE, ISO, SGS
- Model Number: Deep processed glass
- Minimum Order Quantity: 1 container
- Price: USD1-99/
- Packaging Details: wooden case
- Delivery Time: 7 days
- Payment Terms: T/T, L/C, D/A, D/P, Western Union, MoneyGram
- Supply Ability: 500 Tons Per Day

Product Specification

- Fire Resistance: High
- Color: Clear
- Surface: Smooth, Rough
- Hardness: High
- Thickness: 3mm-19mm
- UV Protection: High
- Safety: High
- Product Name: Clear Tempered Laminated Glass
- Highlight: 12mm Clear Tempered Laminated Glass,
16mm Clear Tempered Laminated Glass,
Heat Resistance 12mm laminated glass

Product Description

Product Description:

Clear Tempered Laminated Glass is a highly durable and reliable type of tempered glass that is made from two or more pieces of glass with a plastic interlayer in between. Its thickness ranges between 3mm and 19mm and it is available in a variety of shapes, including flat, round edge, beveled edge, and polished edge. The glass is extremely heat resistant and impact resistant, making it ideal for a variety of applications, such as commercial buildings, residential homes, and other structures. Clear Tempered Laminated Glass is also very easy to clean and maintain, making it an excellent choice for both residential and commercial projects. Moreover, it is a very cost-effective alternative to other types of glass, making it a great option for any budget. Clear Tempered Laminated Glass is the perfect choice for any project that requires a strong, safe, and visually appealing solution.

Features:

Product Name: Clear Tempered Laminated Glass

Shape: Flat

Transparency: High

Edge Work: Flat Edge, Round Edge, Beveled Edge, Polished Edge, Etc.

Fire Resistance: High

Keywords: Clear Tempered Glass, Clear Laminated Glass, Laminated Clear Glass

Technical Parameters:

Parameters	Value
Product Name	Clear Tempered Laminated Glass
Surface	Smooth, Rough
Sound Insulation	High
Edge Work	Flat Edge, Round Edge, Beveled Edge, Polished Edge, Etc.
Thickness	3mm-19mm
Heat Resistance	High
Impact Resistance	High
Hardness	High
Color	Clear
Shape	Flat
Types	Laminated Safety Glass, Laminated Tempered Glass, Safety Laminated Glass

Applications:

RISE's Deep Processed Clear Tempered Laminated Glass is a high-end safety glass product, which is specially designed to deliver the highest level of safety and protection from impact, fire and UV rays. It is composed of two or more layers of tempered glass which are bonded together with a PVB interlayer, forming an extremely durable and resistant glass panel. It is manufactured to the highest standards, certified by CE, ISO and SGS, and provides excellent protection from breakage and shattering. The glass is available in thicknesses from 3mm to 19mm and has a high hardness, fire resistance and impact resistance for maximum safety. The glass also provides a high level of UV protection, making it ideal for both indoor and outdoor applications. Moreover, it is available in both full and half-sheet sizes, and can be customized to meet any specific requirements. It can be ordered in minimum quantities of one container and is delivered in wooden cases within 7 days.

The Clear Tempered Laminated Glass is widely used in both commercial and residential applications, such as in the construction of balconies, balustrades, skylights, partitions, staircases, windows and doors. It is the perfect choice for areas requiring enhanced safety and protection, as it is highly resistant to breakage and shattering, and provides superior fire, impact and UV protection. It is also aesthetically pleasing and can be used to create beautiful and unique glass designs. Overall, the Clear Tempered Laminated Glass is an excellent choice for any application where safety and protection are key considerations.

Customization:

RISE's Customized Clear Tempered Laminated Glass

RISE's Clear Tempered Laminated Glass is renowned for its high hardness, heat resistance, fire resistance, and transparency. It is a multi-layer safety glass consisting of two or more layers of glass with a plastic interlayer. Our laminated clear glass, laminated tempered glass, safety laminated glass, and heat-resistant laminated glass is ideal for both residential and commercial applications. In addition, it is certified by CE, ISO, and SGS, and comes with a minimum order quantity of 1

container, which has a price range of USD1-99/. The maximum size of the glass is 3300mm*13000mm, and it is delivered within 7 days. We offer payment terms such as T/T, L/C, D/A, D/P, Western Union, and MoneyGram, and have a supply ability of 500 tons per day. Our glass is securely packaged in wooden cases for easy transport and delivery.

Support and Services:

We provide technical support and service for Clear Tempered Laminated Glass. Our service includes providing expertise on installation, inspection, and maintenance of the product, responding to customer inquiries, and providing guidance for troubleshooting and resolving any potential issues.

Packing and Shipping:

Packaging and Shipping for Clear Tempered Laminated Glass

Clear tempered laminated glass is shipped in strong wooden crates with cushioning materials inside. The crates are lined with waterproof plastic sheets to prevent moisture from entering. All crates are securely fastened with straps, shrink wrap, and metal bands to prevent shifting during transport.
