

## 8mm 12mm 16mm High Transparency Fire Resistance Clear Toughened Laminated Safety Glass

### Our Product Introduction

#### Basic Information

- Place of Origin: CHINA
- Brand Name: RISE
- Certification: CE, ISO, SGS
- Model Number: Deep processed glass
- Minimum Order Quantity: 1 container
- Price: USD1-99/
- Packaging Details: wooden case
- Delivery Time: 7 days
- Payment Terms: T/T, L/C, D/A, D/P, Western Union, MoneyGram
- Supply Ability: 500 Tons Per Day

#### Product Specification

- Edge Work: Flat Edge, Round Edge, Beveled Edge, Polished Edge, Etc.
- Impact Resistance: High
- Fire Resistance: High
- Product Name: Clear Tempered Laminated Glass
- Thickness: 3mm-19mm
- Size: Max Size: 3300mm\*13000mm
- Shape: Flat
- UV Protection: High
- Highlight: 8mm toughened and tempered glass ,  
16mm toughened laminated safety glass,  
12mm toughened laminated safety glass

## Product Description

### Product Description:

Clear Tempered Laminated Glass is a kind of safety glass that provides a high level of protection from potential injury in case of breakage. It is composed of two or more layers of glass with a PVB interlayer between them. The glass layers are tempered to increase the strength and rigidity of the glass and to reduce the chances of breakage or shattering. This type of glass is much thicker than normal glass, with a thickness ranging from 3mm to 19mm. It also offers excellent impact resistance and sound insulation, and can be cut into various sizes and shapes, with the maximum size being 3300mm\*13000mm. Safety Laminated Glass and Safety Tempered Glass are also available for added protection.

### Features:

**Product Name:** Clear Tempered Laminated Glass

**Hardness:** High

**Surface:** Smooth, Rough

**Sound Insulation:** High

**Transparency:** High

**Shape:** Flat

**Specialty:** Safety Laminated Glass, Clear Tempered Glass, Tempered Laminated Glass

### Technical Parameters:

Property	Value
Surface	Smooth, Rough
Edge Work	Flat Edge, Round Edge, Beveled Edge, Polished Edge, Etc.
UV Protection	High
Heat Resistance	High
Impact Resistance	High
Size	Max Size: 3300mm*13000mm
Hardness	High
Thickness	3mm-19mm
Transparency	High
Fire Resistance	High

### Applications:

The **Clear Tempered Laminated Glass** from RISE is deep processed glass certified by CE, ISO and SGS. The minimum order quantity is one container and the price is USD1-99/. It is packaged in wooden cases and delivered in 7 days. Payment terms include T/T, L/C, D/A, D/P, Western Union and MoneyGram. The supply ability is 500 Tons Per day. It is available in Clear color with high Heat and Fire Resistance, and has a smooth or rough surface. The thickness of the glass ranges from 3mm to 19mm.

### Customization:

Customize Clear Tempered Laminated Glass

Brand Name: RISE

Model Number: Deep processed glass

Place of Origin: CHINA

Certification: CE,ISO, SGS

Minimum Order Quantity: 1 container

Price: USD1-99/

Packaging Details: wooden case

Delivery Time: 7 days

Payment Terms: T/T, L/C, D/A, D/P, Western Union, MoneyGram

Supply Ability: 500 Tons Per Day

Color: Clear

Transparency: High

Product Name: Clear Tempered Laminated Glass

UV Protection: High

Hardness: High

Our Clear Tempered Laminated Glass is made of highest quality materials and with strict quality control. It has high transparency, hardness and UV protection. It is a kind of Laminated Safety Glass, Safety Laminated Glass, Tempered Safety Glass, Clear Safety

Glass.

## Support and Services:

We provide technical support and services for Clear Tempered Laminated Glass. Our experienced team of technical experts can answer your questions and provide guidance on the best approach for your project. We are also available to provide installation and maintenance services. We use only the highest quality materials and adhere to industry standards for safety and performance. We take pride in providing a complete solution for your needs.

## Packing and Shipping:

Packaging and Shipping of Clear Tempered Laminated Glass

Clear tempered laminated glass is packaged and shipped in protective crates, cartons, and pallets.

The packaging process begins with the cutting of the glass to the required size. The glass is then precisely inspected for quality and placed in a protective wrapping. The glass is placed in a sturdy wooden crate that is designed to protect it during transit. The crates are then secured with straps and placed on a pallet for shipping.

The crates and pallets are carefully inspected before being shipped. The crates are strapped to the pallet and covered with a waterproof covering. The pallet is then loaded onto a truck or other shipping vehicle for delivery.

At the destination, the crates are unloaded and the glass is inspected for any damage. The glass is then carefully unwrapped and installed.

## FAQ:

Q: What is the brand name of Clear Tempered Laminated Glass?

A: The brand name of Clear Tempered Laminated Glass is RISE.

Q: What is the model number of Clear Tempered Laminated Glass?

A: The model number of Clear Tempered Laminated Glass is Deep processed glass.

Q: Where is Clear Tempered Laminated Glass made?

A: Clear Tempered Laminated Glass is made in China.

Q: What certifications have been obtained for Clear Tempered Laminated Glass?

A: Clear Tempered Laminated Glass has obtained CE, ISO and SGS certifications.

Q: What is the minimum order quantity of Clear Tempered Laminated Glass?

A: The minimum order quantity of Clear Tempered Laminated Glass is one container.
