

3-19mm Clear Tempered Laminated Glass Premium Fireproof For Optimum Safety

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: RISE
- Certification: CE, ISO, SGS
- Model Number: Deep processed glass
- Minimum Order Quantity: 1 container
- Price: USD1-99/
- Packaging Details: wooden case
- Delivery Time: 7 days
- Payment Terms: T/T, L/C, D/A, D/P, Western Union, MoneyGram
- Supply Ability: 500 Tons Per Day

Product Specification

- UV Protection: High
- Sound Insulation: High
- Hardness: High
- Heat Resistance: High
- Product Name: Clear Tempered Laminated Glass
- Color: Clear
- Transparency: High
- Fire Resistance: High
- Highlight: 3mm Clear Tempered Laminated Glass,
19mm Clear Tempered Laminated Glass,
10mm fireproof tempered glass

Product Description

Product Description:

Clear Tempered Laminated Glass is an ideal choice for safety and strength in windows, doors, and other applications. It is composed of two or more sheets of glass bonded together with a strong polyvinyl butyral (PVB) interlayer, which keeps the glass together and prevents shattering. The interlayer also allows for a variety of edge work and polishing, such as flat, round, beveled, or polished edges. Clear Tempered Laminated Glass is available in a range of thicknesses from 3mm to 19mm, and is highly impact-resistant. Its surface is smooth and flat, giving it a high degree of clarity for visual applications, making it the perfect choice for safety tempered glass, laminated tempered glass, and clear laminated glass.

Features:

Product Name: Clear Tempered Laminated Glass

Impact Resistance: High

Size: Max Size: 3300mm*13000mm

Hardness: High

Shape: Flat

Sound Insulation: High

Technical Parameters:

Property	Value
Material	Clear Tempered Laminated Glass
Safety	High
Color	Clear
Thickness	3mm-19mm
UV Protection	High
Surface	Smooth, Rough
Fire Resistance	High
Impact Resistance	High
Shape	Flat
Transparency	High
Hardness	High

Applications:

RISE Deep Processed Clear Tempered Laminated Glass

This Clear Tempered Laminated Glass by RISE, with model number Deep processed glass, is a safety tempered glass that is widely used in different places and scenes. It is certified with CE, ISO, SGS certifications, and has a minimum order quantity of 1 container. The price is USD1-99/ , and the packaging is wooden case. Delivery time is 7 days, and payment terms are T/T, L/C, D/A, D/P, Western Union, MoneyGram. It has a supply ability of 500 Tons Per Day. It has a high safety, hardness, sound insulation, and UV protection. The color is clear.

Customization:

RISE Clear Tempered Laminated Glass is made of two or more pieces of glass, with one or more interlayers of PVB or SGP in between them. It is a type of laminated safety glass that provides a high level of UV protection and superior strength. Support and Services:

Clear Tempered Laminated Glass offers a range of technical support and service options to ensure that your product is installed and maintained correctly.

We provide technical advice on product selection, installation and maintenance, as well as detailed product specifications and performance information. Our experienced staff can help you make the right choice for your specific application and needs.

We also offer comprehensive after-sales service, including repairs and replacements, to ensure that your product is always in top condition. We can also provide training on product installation and maintenance, to ensure that your product is installed and maintained correctly.

For any further questions or concerns, please do not hesitate to contact us.

Packing and Shipping:

Clear Tempered Laminated Glass is shipped and packaged in a secure manner that meets the highest standards of safety and quality.

The glass is bubble-wrapped and placed in sturdy, custom-made cardboard boxes that are strong enough to protect the glass during transit. The boxes are labeled and clearly marked to ensure that they are not damaged during shipping. The boxes are then placed onto a pallet and shrink-wrapped for additional security. The pallet is then loaded onto a truck or other vehicle for shipping.
