Product Description

Company
Profile

we are well-known glass processing manufacturers producing different kinds of customized building glass, including tempered glass, laminated glass, insulated glass, decorative glass, etc. We offer one-stop services. Welcome to customizing your design!

Product Description

Frosted glass, also known as etched or sandblasted glass, is a popular glass product with a unique and stylish appearance. It undergoes a process where the glass surface is treated with either sandblasting or acid etching, resulting in a matte, translucent finish.
