Product Description

Company

Profile

we are well-known glass processing manufacturers producing different kinds of customized building glass, including tempered glass, laminated glass, insulated glass, decorative glass, etc. We offer one-stop services. Welcome to customizing your design!

Product Description

Reflective glass: a specialized glass product coated with a thin metallic layer that reflects a significant amount of sunlight and reduces heat transmission. It offers privacy during the day, reduces glare, and enhances energy efficiency. Commonly used in windows, curtain walls, and skyscrapers, reflective glass provides a sleek, modern appearance while improving indoor comfort.
