

## Wholesale Manufacture Supplier Argon Filled Double Glazing Insulating Glass

Our Product Introduction

### Basic Information

- Place of Origin: CHINA
- Brand Name: RISE
- Certification: CE, ISO, SGS
- Model Number: Insulated Glass
- Minimum Order Quantity: 1 container
- Price: USD1-99/
- Packaging Details: wooden case
- Delivery Time: 7 days
- Payment Terms: T/T, L/C, D/A, D/P, Western Union, MoneyGram
- Supply Ability: 500 Tons Per Day

### Product Specification

- Gas Filling: Argon Or Krypton
- Ip Rating: IP44
- Length: 1220mm, 610mm, 600mm
- Low-E Coating: Yes
- Size Tolerance: +/- 1.0mm
- Sound Insulation: Yes
- Specific Use: Sliding Door, TV Background Wall
- Thermal Insulation: 1.1W/m2K
- Highlight: Wholesale Double Glazing Insulating Glass

Factory Customized High Quality Tempered Insulating Glass

Basic Info.

Model NO.	Insulating Glass
Nominal Thickness	2mm
Surface State	Floats Law Glass
Grade	Excellent Grade
Forming	Float Process
Workmanship	Molding machinery
Color	Clear
Usage	Furniture, Door, Building, Window
Delivery Time	15 Days
Certificate	CE,ISO, SGS
Payment	T/T
Size	Customized
Transport Package	Wooden Case
Specification	6500*3300
Trademark	Rise
Origin	China
HS Code	7008001000
Production Capacity	20000 Square Meter/Day
Color	clear
Usage	Furniture, Door, Building, Window
thickness	2mm,4mm,5mm,6mm,8mm,10mm,12mm,15mm,19mm
size	upon to request
HS Code	7008001000
Brand	Rise

Product Description

Company

Profile

we are well-known glass processing manufacturers producing different kinds of customized building glass, including tempered glass, laminated glass, insulated glass, decorative glass, etc. We offer one-stop services. Welcome to customizing your design!

Product Description

Insulated Glass: A versatile glass product designed for optimal thermal insulation and sound control. With two or more panes separated by a sealed air or gas-filled space, it minimizes heat transfer, reduces energy consumption, and effectively blocks external noise, creating a comfortable and energy-efficient environment for residential and commercial applications.

Features

1.Energy saving:With heat insulation performance, the heat transfer coefficient is much lower than that of single glass.

2.Noise reduction: Excellent sound insulation performance, which can effectively reduce outdoor noise entering the room through windows.

3.With anti-condensation, reducing cold radiation and safety performance.

4.High wind pressure resistance.

5.The coated glass film layer located in the hollow cavity will not fall off.
