

Heat Tinted Flat Laminated Tempered Glass Multi Layers

Our Product Introduction

for more products please visit us on rise-glass.com

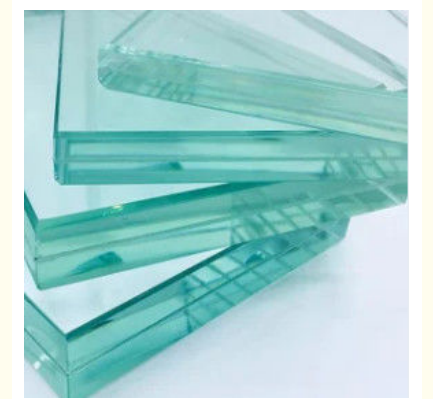

Basic Information

- Place of Origin: China,qingdao
- Brand Name: Rise Glass
- Certification: CE CSI
- Model Number: L-01
- Minimum Order Quantity: 1 Crate
- Price: 6USD/SQM
- Packaging Details: Wooden Crates Worthy for Ocean and Land Carriage
- Delivery Time: 15 Days
- Payment Terms: payment By T/T at sight.
- Supply Ability: 8000SQM/DAY

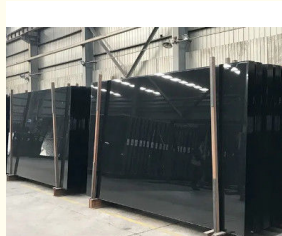

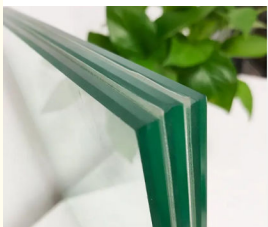

Product Specification

- Edge: Flat, C-pencil, Beveled, Etc.
- Fire Resistance: High
- Layers: Multi Layers Upon Your Request
- Style: Tinted Glass Laminated
- Surface Quality: Smooth, Clear, No Bubble, No Scratch, Etc.
- Impact Resistance: High
- Glass Shape: Flat, Curved, Etc.
- Sound Insulation: Excellent Sound Insulation
- Shape: Flat
- Structure: Solid
- Usage: Furniture, Building, Window
- Certificate: CE, ISO, SGS

Product Description

Product Description:

Our Tempered Over Laminated Glass is made from high-quality thermally-tempered laminated glass that is processed using the latest technology to provide exceptional impact resistance. This glass is designed to withstand heavy blows and impacts without breaking or shattering, making it an ideal choice for areas that require high levels of security and protection. The glass is also highly resistant to heat and can withstand high temperatures without breaking down or losing its structural integrity.

In addition to its exceptional security features, our Tempered Over Laminated Glass also offers excellent sound insulation, making it perfect for areas that require noise reduction. The glass is designed to block out external noises and provide a quiet and peaceful environment for occupants.

Our Tempered Over Laminated Glass is also available in a frosted or acid-etched finish, making it ideal for applications that require privacy or aesthetic appeal. The glass is processed using the latest technology to create notches that provide a unique and beautiful finish that is sure to impress.

In summary, our Tempered Over Laminated Glass is a premium quality security overlay laminated glass that provides exceptional protection against break-ins, vandalism, and forced entry attempts. It is made from high-quality thermally-processed laminated glass that is highly resistant to impact and heat. It also offers excellent sound insulation and is available in frosted or acid-etched finishes with notches that provide a unique and beautiful finish.

Features:

Product Name: Tempered Over Laminated Glass

Processed: Frosted / Acid-etched

Impact Resistance: High

PVB Color: Clear, Grey, Red, White, Bronze

Sound Insulation: Excellent Sound Insulation

Surface Quality: Smooth, Clear, No Bubble, No Scratch, Etc.

Tempered Over Laminated Glass is also known as Thermally-Processed Laminated Glass, Thermally-Strengthened Laminated Glass, and Thermally-Toughened Laminated Glass.

Technical Parameters:

Technical Parameter	Value

Processed	Frosted / Acid-etched
Sound Insulation	Excellent Sound Insulation
Lamination	PVB, SGP, EVA, Etc.
Heat Resistance	High
Surface Quality	Smooth, Clear, No Bubble, No Scratch, Etc.
Surface Hardness	High
Layers	Multi Layers Upon Your Request
Glass Shape	Flat, Curved, Etc.
Holes	Yes

The Tempered Over Laminated Glass product is also known as Thermally-Strengthened Laminated Glass, Thermally-Toughened Laminated Glass, or Thermally-Processed Laminated Glass.

Applications:

The L-01 Tempered Over Laminated Glass is a multi-layered glass that can be customized according to your specific requirements. It is thermally-strengthened, making it more resistant to breakage and impact. The glass is also thermally-tempered, which adds to its durability and strength. The security overlay laminated glass is made by fusing two or more glass panes together with a plastic interlayer. This creates a strong bond that makes it difficult to break, providing a high level of security.

The L-01 Tempered Over Laminated Glass is suitable for various applications, including commercial and residential buildings, automobiles, and public transportation. Its smooth, clear surface quality ensures that it is aesthetically pleasing and provides excellent visibility. The glass can also be tinted, providing additional privacy and UV protection.

This product is CE CSI certified, ensuring that it meets international quality standards. Rise Glass has a minimum order quantity of one crate, and the price is 6USD/SQM. The product is packaged in wooden crates that are suitable for ocean and land carriage, ensuring that it arrives at its destination in perfect condition. Delivery time is 15 days, and payment is by T/T at sight. Rise Glass has a supply ability of

8000SQM/DAY, ensuring that you can get the quantity you need quickly and efficiently.

The L-01 Tempered Over Laminated Glass is available in flat, curved, and other shapes upon request. Its good heat insulation ensures that it is suitable for use in areas that require temperature control. Whether you need glass for a new construction project or to replace existing glass, the L-01 Tempered Over Laminated Glass from Rise Glass is an excellent choice.

Packing and Shipping:

Product Packaging:

The tempered over laminated glass will be securely packed in wooden crates to prevent any breakage or damage during transportation.

The wooden crates will be lined with foam padding to provide extra protection.

The glass panels will be separated by cardboard or foam dividers to avoid any contact between them.

The crates will be labeled with the product name, quantity, and handling instructions for safe transportation.

Shipping:

The tempered over laminated glass will be shipped via a reliable shipping company with experience in handling fragile goods.

The shipping company will be instructed to handle the crates with care during loading, unloading, and transportation.

The customer will be provided with a tracking number to monitor the status of the shipment.

The shipment will be insured to cover any damages or losses during transportation.
