

## High Impact Resistance Tempered Over Laminated Glass For Hollow Structure Performance

Our Product Introduction

for more products please visit us on [rise-glass.com](http://rise-glass.com)

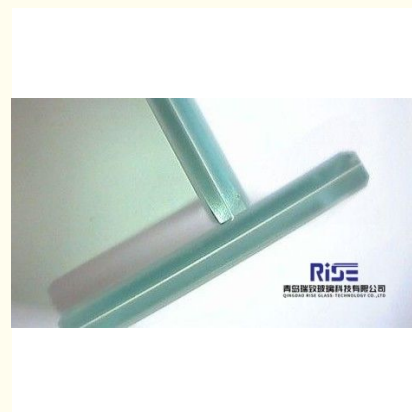

### Basic Information

- Place of Origin: CHINA
- Brand Name: Rise
- Certification: CE, ISO, SGS
- Model Number: laminated glass
- Minimum Order Quantity: 1 container
- Price: USD1-99/
- Packaging Details: wooden case
- Delivery Time: 7 days
- Payment Terms: T/T, L/C, D/P, Western Union, MoneyGram, D/A
- Supply Ability: 20000 Square Meter/Day

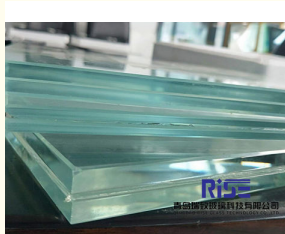

### Product Specification

- Structure: Solid, Hollow, PVB Laminated Glass
- Technique: Laminated Glass
- Thickness: 4mm-19mm
- Product Category: Tempered Over Laminated Glass
- Usage: Building/Furniture/Decoration
- Specification: 1702mm-2800mm
- Glass Lamination: PVB, EVA, SGP, Etc.
- Lamination Film: PVB/SGP
- Highlight: High Impact Resistance Over Laminated Glass, Hollow Tempered Over Laminated Glass, Performance Tempered Over Laminated Glass

## Product Description

### Product Description:

A) Two or three or more layers of glass "sandwiched" together with clear or colored PVB interlayer, laminated glass is the one glass that reconciles the aesthetic benefits of glass with a genuine concern for safety; Offering superior protection against glass breakage, as well as harmful solar rays and hazardous noise levels.

B) Due to the adhesive properties of the PVB, **RISE takes careful precautions to prevent unwanted particles from attaching to the PVB during the adhesion process.**

Product name	Laminated Glass
Mini. size	300*500mm
Max. size	2440*6000mm
Different interlayer films	PVB / SGP / EVA laminated safety glass
PVB thickness	0.38mm,0.76mm, 1.14mm,1.52mm,2.28,2.66 etc
Thickness	6.38mm~30mm
Delivery time	15-25working days
Certificate	CE/CCC/ISO9001/SGS/AS/NZS

### Features:

Most building glass adopts laminated glass, not only to avoid accidents, but also because laminated glass has excellent seismic intrusion resistance. The intermediate membrane can withstand continuous attacks from lethal weapons such as hammers and cleavers, and can withstand bullet penetration for a considerable period of time. Its level of safety precautions can be described as extremely high. The laminated glass with PVB intermediate film can block sound waves and maintain a quiet and comfortable office environment. Its unique UV filtering function not only protects people's skin health, but also frees valuable furniture, displays, and other items in the home from the bad luck of fading. It can also reduce the transmission of sunlight and reduce cooling energy consumption.

### Technical Parameters:

Specification	1702mm-2800mm
Heat Resistance	High
Thickness	4mm-19mm (tempered laminated glass thickness)
Usage	Building/Furniture/Decoration
Structure	Solid, Hollow, PVB Laminated Glass (4mm laminated glass)
Transparency	High Transparency
Package	Wooden Case, Carton, Etc
Lamination Type	Overlaid
Heat Soak Test	Yes (hs laminated glass)
Product Name	Tempered Over Laminated Glass for Superior Performance and Customer Satisfaction

### Applications:

Our laminated glass is made with an intermediate film of PVB, which makes it highly resistant to heat. This ensures that it retains its quality and performance even in high-temperature conditions. The glass is available in different thicknesses, including 4mm tempered glass, SGP laminated glass, and 4mm laminated glass.

One of the best things about our tempered over laminated glass is that it is suitable for various applications. It can be used in different building projects, including commercial and residential buildings. It is also ideal for furniture, especially for making glass tables and shelves. In addition, it is perfect for decoration purposes, such as for creating glass walls, partitions, and doors.

If you're looking to purchase our product, the minimum order quantity is 1 container. Our pricing for the laminated glass ranges from USD1-99/ , depending on the thickness and type of glass. We accept different payment terms, including T/T, L/C, D/P, Western Union, MoneyGram, and D/A. We have a supply ability of 20000 Square Meter/Day, and the delivery time is 7 days. The packaging details for our product are in wooden cases, ensuring that the glass is safely transported and delivered to you.

Our Tempered Over Laminated Glass is a reliable and durable solution for different applications. Its high-quality construction and certifications make it a favorable choice for customers looking for superior performance and safety. Order now and get the best quality

laminated glass for your project needs.

## Support and Services:

Our Tempered Over Laminated Glass product is designed to provide superior strength and durability for a wide range of applications. Our technical support team is available to assist with any questions or issues you may have during installation or use of our product. In addition, we offer a range of services to ensure that your Tempered Over Laminated Glass is operating at peak performance. These services include:

Custom design and fabrication  
On-site installation support  
Regular maintenance and cleaning  
Repair and replacement services

Our goal is to provide you with the highest level of customer satisfaction and product performance. Contact us today to learn more about our Tempered Over Laminated Glass and support services.

## Packing and Shipping:

### Product Packaging:

The tempered over laminated glass will be packed securely in wooden crates to prevent any damage during shipping.

The glass will be wrapped in protective bubble wrap and foam padding to ensure that it does not scratch or break.

The crates will be labelled with the product name, quantity, and handling instructions for the safety of the carrier.

### Shipping:

The tempered over laminated glass will be shipped via a reliable courier service that specializes in handling fragile goods.

Shipping options and rates will be provided to the customer before the order is confirmed.

The estimated transit time will also be provided to the customer, based on their location.

The customer will be notified once the order has been shipped and provided with a tracking number to monitor the delivery status.

## FAQ:

**Q:** What is the brand name of the tempered over laminated glass product?

**A:** The brand name of the tempered over laminated glass product is Rise.

**Q:** What is the model number of the laminated glass product?

**A:** The model number of the laminated glass product is laminated glass.

**Q:** What certifications does the laminated glass product have?

**A:** The laminated glass product has CE, ISO, and SGS certifications.

**Q:** Where is the laminated glass product made?

**A:** The laminated glass product is made in China.

**Q:** What is the minimum order quantity for the laminated glass product?

**A:** The minimum order quantity for the laminated glass product is 1 container.

**Q:** What is the price range for the laminated glass product?

**A:** The laminated glass product price range is between USD1-99/ .

**Q:** What are the payment terms for the laminated glass product?

**A:** The payment terms for the laminated glass product include T/T, L/C, D/P, Western Union, MoneyGram, and D/A.

**Q:** What is the supply ability of the laminated glass product?

**A:** The supply ability of the laminated glass product is 20000 Square Meter/Day.

**Q:** What is the delivery time for the laminated glass product?

**A:** The delivery time for the laminated glass product is 7 days.

**Q:** How is the laminated glass product packaged?

**A:** The laminated glass product is packaged in a wooden case.
