Tempered Over Laminated Glass Ultimate Building Material for Safety and Durability

Our Product Introduction

for more products please visit us on rise-glass.com

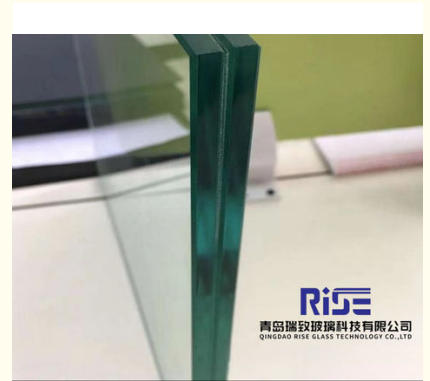

Basic Information

- Place of Origin: China,qingdao
- Brand Name: Rise Glass
- Certification: CE CSI
- Model Number: L-01
- Minimum Order Quantity: 1000pcs
- Price: 6USD/SQM
- Packaging Details: Wooden Crates Worthy for Ocean and Land Carriage
- Delivery Time: 15 Days
- Payment Terms: payment By T/T at sight.
- Supply Ability: 8000SQM/DAY

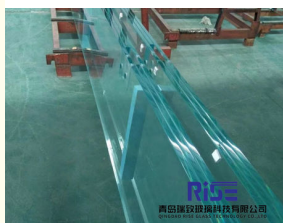

Product Specification

- Pvb Color: Clear, Grey, Red, White, Bronze
- Sound Insulation: Excellent Sound Insulation
- Impact Resistance: High
- Notches: Yes
- Glass Shape: Flat, Curved, Etc.
- Heat Resistance: High
- Surface Quality: Smooth, Clear, No Bubble, No Scratch, Etc.
- Edge: Flat, C-pencil, Beveled, Etc.
- Highlight: **Safety Tempered Over Laminated Glass,**
high Durability Tempered Over Laminated Glass
,
Building Material Tempered Over Laminated Glass

Product Description

Product Description:

One of the key features of Tempered Over Laminated Glass is its ability to withstand high temperatures and fire. The glass is designed to have a high fire resistance, making it an excellent choice for buildings that require extra protection against fire hazards.

Tempered Over Laminated Glass is available in a range of PVB colors including clear, grey, red, white, and bronze. This allows the glass to be customized to match the design of the building and provide a cohesive aesthetic. Additionally, the glass can be processed to have a frosted or acid-etched finish for added privacy and style.

Another important attribute of Tempered Over Laminated Glass is its good heat insulation. The glass is designed to provide a protective barrier against heat transfer, keeping the interior of the building warm in the winter and cool in the summer.

Overall, Tempered Over Laminated Glass is an excellent choice for buildings that require extra security and protection. Its multi-layered design and PVB interlayer make it a safety laminated glass that is highly resistant to impact and shattering. The glass's ability to withstand high temperatures and fire make it a great choice for buildings that require extra fire protection. With customization options such as PVB color and processed finishes, Tempered Over Laminated Glass can be tailored to match the design of any building.

Features:

Product Name: Tempered Over Laminated Glass

Heat Insulation: Good Heat Insulation

Sound Insulation: Excellent Sound Insulation

Fire Resistance: High

Surface Quality: Smooth, Clear, No Bubble, No Scratch, Etc.

Notches: Yes

Toughened Laminated Glass

Thermally-Strengthened Laminated Glass

Security Overlay Laminated Glass

Applications:

One of the key advantages of this product is its versatility. It can be used in a variety of different settings, including residential, commercial, and industrial applications. For example, it is commonly used in storefronts, shopping malls, and other high-traffic areas where security is a top priority. The laminated layers provide an additional layer of protection against break-ins, making it an ideal choice for these types of applications.

In addition to its security benefits, the Rise Glass L-01 Tempered Over Laminated Glass product is also an excellent choice for applications where sound insulation is important. The laminated layers help to reduce noise levels, making it an ideal choice for use in hotels, hospitals, and other settings where noise control is a priority.

The glass is also ideal for use in areas where thermal performance is important. The thermally-tempered glass provides excellent insulation, helping to keep indoor spaces warm in the winter and cool in the summer. This makes it an ideal choice for use in buildings that require high energy efficiency, such as green buildings, LEED-certified buildings, and other eco-friendly structures.

The Rise Glass L-01 Tempered Over Laminated Glass product is available in a variety of different styles, including tinted glass laminated and clear glass laminated. It can be customized to meet your specific needs, with different edge styles (flat, C-pencil, beveled, etc.) and multiple layers available upon request.

This product is made in China, Qingdao and is certified by CE CSI. It has a minimum order quantity of one crate and is priced at 6USD/SQM. The packaging details include wooden crates worthy for ocean and land carriage, and delivery time takes 15 days. Payment terms are payment by T/T at sight, and supply ability is 8000SQM/DAY.

In summary, the Rise Glass L-01 Tempered Over Laminated Glass product is an excellent choice for a wide range of architectural and interior design applications. Whether you need security laminated glass, thermally-tempered laminated glass, or thermally-toughened laminated glass, this product has you covered. Order yours today and experience the many benefits of this high-quality glass product.

Customization:

Our minimum order quantity is 1 crate, and the price is 6USD/SQM. The product is packaged in wooden crates suitable for ocean and land carriage, and the delivery time is 15 days. We accept payment by T/T at sight, and our supply ability is 8000SQM/DAY. Our tempered laminated glass can also be customized with holes and is perfect for security laminated glass applications.
