Product Description

Product Description:

Laminated safety glass is a composite material made of a layer of high strength and high viscosity transparent organic adhesive film sandwiched between two pieces of glass, which has strong impact resistance, fire protection, explosion protection and other properties.

Laminated glass as a kind of safety glass in the impact of broken, because of its two pieces of ordinary glass in the middle of the PVB film bonding effect, will not be like ordinary glass broken to produce sharp fragments. This effectively prevents the occurrence of debris injuries and penetration of falling events, ensuring personal safety. Advantages of laminated glass:

- 1)Excellent sound insulation performance
- 2)Natural UV protection
- 3)Good energy-saving performance

Applications:

Glass is everywhere in our daily life, such as furniture, display cabinets, picture frames, facades, partitions, railings, doors, windows, stairs, roof, skylights, etc. And these glass products have a wide range of applications in residential buildings, office buildings, landmarks, banks, schools, aquariums, sports facilities, etc.

Eactory Outlet Tempered Glass/Laminated Bulletproof Safety Glass/Insulaminated Bulletproof Safet

Packing and Shipping:

Product Packaging:

The tempered laminated safety glass product will be packaged in wooden crates that are designed to prevent any damage during shipping. The product will be securely placed in the crate and covered with protective material to ensure that it arrives in good condition.

We will ship the product via a reputable courier service to ensure timely and safe delivery. The shipping cost will be calculated based on the destination and weight of the product. The customer will be informed of the shipping cost before the order is finalized.

FAQ:

- Q: What is the brand name of the tempered laminated safety glass?
- A: The brand name of the tempered laminated safety glass is RISE.
- Q: What is the model number of the glass?
- A: The model number of the glass is Deep processed glass.
- Q: Where is the tempered laminated safety glass manufactured?
- A: The glass is manufactured in China.
- Q: What certifications does the tempered laminated safety glass have?
- A: The glass has CE, ISO, and SGS certifications.
- Q: What is the minimum order quantity for the tempered laminated safety glass?
- A: The minimum order quantity for the tempered laminated safety glass is 1 container.
- Q: What is the price range for the tempered laminated safety glass? A: The price range for the tempered laminated safety glass is USD1-99/SQM
- Q: What is the packaging method for the tempered laminated safety glass?
- A: The tempered laminated safety glass is packaged in a wooden case.
- Q: What is the delivery time for the tempered laminated safety glass? A: The delivery time for the tempered laminated safety glass is 14 days.
- Q: What are the payment terms for the tempered laminated safety glass?
- A: The payment terms for the tempered laminated safety glass are T/T, L/C, D/A, D/P, Western Union, and MoneyGram.
- Q: What is the supply ability of the tempered laminated safety glass?
- A: The supply ability of the tempered laminated safety glass is 500 Tons Per Day.
