Product Description

Product Description:

Rise Glass offer a wide range of partition glass such as tempered glass, laminated glass, insulating glass, art glass, decoration glass etc.

The pattern can be customized as customer requests with different technologies such as drill hole, edge polished, tempered, painting, frosting, laminated etc.

With its flat edge and square shape, this product is versatile and can be used in a variety of applications. Whether you need glass for a table top, shower enclosure, or any other project, our Frosted Tempered Glass is sure to meet your needs.

Each piece of Frosted Heat-strengthened Glass comes packaged in a sturdy carton, ensuring that your glass arrives in perfect condition. The white color of the glass adds a touch of elegance to any setting, making it a popular choice among homeowners and interior designers.

Overall, our Frosted Tempered Glass product is an excellent choice for anyone seeking a durable, stylish, and versatile glass solution. With its unique frosted finish and heat-strengthening process, this glass is sure to meet all of your needs and exceed your expectations.

Applications:

The Frosted Tempered Glass is widely used in various decoration applications, including commercial and residential spaces. It is perfect for creating a modern and sophisticated look in your home or office. The frosted surface treatment offers privacy while still allowing natural light to flow through, making it ideal for areas such as bathrooms, conference rooms, and offices.

One of the main advantages of Frosted Tempered Glass is its safety features. The tempered glass is four times stronger than regular glass, making it resistant to breakage and thermal stress. In the event of breakage, the glass shatters into small, rounded pieces that are less likely to cause injury. Additionally, if broken, the Frosted Tempered Glass can be replaced easily and quickly.

RISE's Frosted Tempered Glass is also available in other variations such as Frosted Safety Laminated Glass, Frosted Heat-treated Glass, and Frosted Heat-strengthened Glass. These variations offer added safety features and are ideal for applications such as glass flooring and staircases.

RISE offers the Frosted Tempered Glass at a competitive price range of USD1-99/ , with a minimum order quantity of 100 pieces. The product is shipped in wooden cases, ensuring its safe and secure arrival. The delivery time is seven days, and payment terms include T/T, L/C, D/A, D/P, Western Union, and MoneyGram. RISE has a supply ability of 500 tons per day, ensuring that all orders are fulfilled promptly.

In conclusion, RISE's Frosted Tempered Glass is a versatile and durable glass product that offers added safety features. Its frosted

surface treatment makes it ideal for decoration applications, and its various variations offer added safety features. With its competitive price range and prompt delivery, RISE is the perfect choice for all your glass needs.

Advantages:

1. The factory is located in a coastal city, close to the port and with fast logistics;
